

VIÑA ZORZAL Señora de las Alturas 2016

With Señora de las Alturas we continue our series of wines focused on the terroir. We are located in Fitero, the only Navarran village belonging to the Iberian mountains, just in the geological separation between the Sierra de Cameros and the Ebro valley. Señora de las Alturas is a wine from Pontigos plot, one of our two plots with pre-phylloxera grenache vines.

The phylloxera devastated our area in 1898, two years later the vineyards began to register, this plot dates from the first year of registration, from 1900 but we know that it may be 20 or 25 years older.

VITICULTURE & WINEMAKING: Mikel Sanz & Julio Prieto, Fernando Perez de Obanos & Jorge Navascués.

VINTAGE: 2016

2016 harvest was smaller due to the drought that characterized this vintage and the millerandage of garnacha grape. Yields were lower also in the other varieties. The drought was slightly relieved in mid-September, This rain and the beginning of cooler nights made the grapes undergo a great technological improvement. It was a slow and selective harvest. Grapes arrived in the winery in an excellent sanitary condition, so the quality factor of this vintage was clearly this natural selection that made the smaller amount of grapes harvested were of excellent quality.

GRAPES VARIETIES: 100% Garnacha
