

Viña Zorzal Señora de las Alturas Blanco 2022

At Viña Zorzal we have always made single vineyard-monovarietal wines because we love the way they express the uniqueness of their terroir. This wine is our first blend that was inspired by the stunning connection between Viura and Garnacha Blanca grapes. This is a blend, so what !!!

VITICULTURE&WINEMAKING: Mikel Sanz & Julio Prieto, Iñaki Sanz, Javier Colio & Jorge Navascués.

We are facing a very warm vintage. Despite being a dry vintage, the few rainy days were very well distributed and the vineyard did not suffer so much water stress. We harvested the grapes earlier than ever to keep low ph and freshness.
